GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

1.	Prior year total taxable value. Enter the amount of the prior year taxable value on the prior year tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (adjustment is made by deducting TIF taxes, as reflected in Line 17). ¹	\$ 2,531,703,093

SECTION 2: Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no new revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

SECTION 3: NNR Tax Rate and Voter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

SECTION 4: Voter-Approval Tax Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

SECTION 5: Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value.³⁹ The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value.⁴⁰ In a year where a taxing unit adopts a rate by applying any portion of the unused increment rate, the portion of the unused increment rate that was used must be backed out of the calculation for that year.

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042;⁴¹
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);⁴² or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.⁴³

Individual components can be negative, but the overall rate will be the greater of zero or the calculated rate.

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.⁴⁴

SECTION 6: De Minimis Rate

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit.⁴⁴ This section should only be completed by a taxing unit that is a municipality of less than 30,000 or a taxing unit that does not meet the definition of a special taxing unit.⁴⁵

SECTION 7: Voter-Approval Tax Rate Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.⁴⁶

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year.⁴⁷

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago. This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).

**A RESOLUTION OF THE BOARD OF DIRECTORS OF BRUSH COUNTRY
GROUNDWATER CONSERVATION DISTRICT ADOPTING THE
2024 TAX RATE FOR THE DISTRICT**

WHEREAS, Brush Country Groundwater Conservation District ("District"), a political subdivision of the State of Texas, was created by Senate Bill 2456, Act of the 81st Texas Legislature, Regular Session, codified at Chapter 8852 of the Texas Special District Local Laws Code ("Enabling Act"), and pursuant to the authority of Article XVI, § 59 of the Texas Constitution, as a groundwater conservation district operating under Chapter 36, Texas Water Code, and the District's Enabling Act;

WHEREAS, the Enabling Act for the District establishes in Section 8852.151 the District may not impose ad valorem taxes at a rate which exceeds three cents (\$0.03) on each \$100 of valuation of taxable property in the District;

WHEREAS, pursuant to Section 8852.005 of the Enabling Act, Chapter 36 of the Texas Water Code is applicable to the District;

WHEREAS, Section 36.201(c) of the Water Code provides that the District may not levy a tax to pay the maintenance and operating expenses of the District until the tax is approved by a majority of the electors voting at an election in the District held for that purpose;

WHEREAS, Sections 8852.003 and 8852.023 of the Enabling Act require the District to place a ballot item before the voters within the initial District territory, as defined by Section 2 of the Enabling Act, to confirm the District and the District imposition of a maintenance tax and such ballot item must instruct the voters of the initial District territory to vote for or against the creation of the District and the levy of a maintenance tax to operate the District not to exceed three (3) cents for each \$100 of assessed valuation;

WHEREAS, the required ballot item was placed on the November 3, 2009 ballot and the voters within the initial District territory in Brooks County, Hidalgo County, Jim Hogg County, and Jim Wells County outside of the City of Alice approved confirmation of the District and the levy of a maintenance tax not to exceed three cents (\$0.03) for each \$100 of assessed valuation;

WHEREAS, pursuant to Section 36.203 of the Water Code, the District considered the income of the District from sources other than taxation in setting the District's tax rate;

WHEREAS, Section 36.204 of the Water Code establishes that the Texas Tax Code governs the appraisal, assessment, and collection of District taxes;

WHEREAS, the District is required to comply with Section 26.05(a) of the Tax Code by adopting a tax rate for the current tax year;

WHEREAS, the District calculated and published or provided actual notice of a meeting on and a proposed tax rate of \$0.010791 for each \$100;

WHEREAS, because the proposed tax rate is 50 cents or less per \$100 of taxable value and the proposed tax rate would impose taxes of \$500,000 or less when applied to the current total value for the District, the District notice of the proposed tax rate and meeting satisfies Texas Tax Code Section 26.052

WHEREAS, a tax rate of \$0.010791 for each \$100 of assessed valuation will raise more revenue for maintenance and operations than last year's tax rate; and

WHEREAS, to satisfy the requirements of Section 26.05(b) of the Tax Code, the District may not impose property taxes in any year until the District's Board has adopted a tax rate for that year, and the annual tax rate must be set by resolution of the Board of Directors.

WHEREAS, the Board of Directors for the District believes it is necessary to adopt a tax rate of \$0.010791 for each \$100 of assessed valuation to enable the District to adequately fund its activities and operations as the District begins to carry out the purposes for which the District was created.

NOW, THEREFORE, BE IT ORDERED BY THE BOARD OF DIRECTORS OF BRUSH COUNTRY GROUNDWATER CONSERVATION DISTRICT THAT:

- Section 1. The Board of Directors adopts a tax rate for tax year 2024 of \$0.010791 per \$100 of value for the operations and maintenance of the District; and,
- Section 2. THIS TAX RATE WILL RAISE MORE REVENUE FOR MAINTENANCE AND OPERATIONS THAN LAST YEAR'S TAX RATE; and,
- Section 3. This Resolution be provided to the tax assessor as certified notice of the adopted tax rate; and
- Section 4. The President of the Board of Directors and his designees are further authorized to take all necessary action to implement this resolution; and,
- Section 5. This resolution shall take effect immediately upon adoption.

PASSED AND APPROVED THE 24th day of September, 2024.
